Beauty Hacks for Looking Flawless All the Time

JUNE 23, 2014 | BY BETH LANDMAN | [STYLE & BEAUTY](#)

Your #iwokeuplikethis selfies are about to get a lot prettier. A range of beauty services can keep you looking flawless all day, despite trips to the beach or plunges into the pool. Below, a few choice spots that will improve your appearance—and cut down on prep time. Isn't that the ultimate luxury?

Eyelash Extensions by Karina Freedman at Salon Xavier

Forget mascara that needs to be laboriously applied, only to smudge in the heat and humidity. Lash guru Karina Freedman, who is guesting at Salon Xavier again this summer, adds youthful flutterers that open the eyes and make them look instantly more feminine and flirtatious. Whether you go for a natural look, or opt for something more Kardashian, they will last for about a month, even if you go for a swim. As an extra indulgence, Salon Xavier is now offering simultaneous reflexology. 1A Bay St., Sag Harbor, 725-6400

Tattooed Eyebrows by Yasmine Djerradine or Dangene: The Institute of Skinovation

Lush brows may be in fashion, but the hair above our eyes gets less visible with sun and chlorine. Highly skilled artists can remedy the situation by tattooing perfect arches that frame the face and add definition. The process takes about an hour and the results last a couple of years. Fabrice Condemi at Yasmine Djerradine and Dominique Bossavy at Dangene are among the best in the world, and they each visit New York once a month. Yasmine Djerradine, 30 E. 60th St. 212-588-1771; Dangene: The Institute of Skinovation, 66 E. 55th St., 212-249-8172

Keratin/Straightening Treatments at Valery Joseph or Salon Ishi

The beach air that helps our bodies and souls relax usually has an inverse effect on our locks. Fortunately, there are two methods that completely defy frizz. Valery Joseph's Bridgehampton outpost offers keratin treatments, which coat the hair shaft, while Salon Ishi in New York is the go-to spot for Japanese straightening, which actually changes the hair structure. Valery Joseph, 2454 Main St., Bridgehampton, 537-8969; Salon Ishi, 70 E. 55th St., 212-228-2255

Teeth Whitening by Dr. Lana Rozenberg or Dr. Jeffrey Rappaport

Gleaming white teeth go a long way to help you look healthy and sexy, particularly when paired with a nice tan. Dr. Lana Rozenberg offers one-hour Zoom! Teeth Whitening polishes that blast away coffee and wine stains, and Dr. Jeffrey Rappaport, who opened Lavaan Teeth Whitening in Manhattan, will bring a professional-strength mouthpiece with an LED light to your Hamptons home. **Dr. Lana Rozenberg, 8A E. 63rd St., 212-265-7724;** Dr. Jeffrey Rappaport at Lavaan, 212-837-1833
